

## **Violet's Family**

1<sup>st</sup> YEAR CSE GROUP B (1º ESO)

Violet was a girl who was going home from her after-school English classes on a cold winter night.

Suddenly, while she was passing a wasteland near her house, she felt she was being observed by someone. When she turned her head, she found a girl exactly like her and dressed in the same clothes. The girl looked at her with an evil smile. Violet got scared and ran off without thinking twice about it and she got lost. After a few minutes, she found a house with the door open. It was then that she decided to go in and ask for help. However, she met some people who were identical to her family and who looked at her with a smile.

She was so scared that she couldn't say anything. Then, the father said:

'Hello Violet. We were waiting for you. You are the last one!'

The whole family walked towards her and the door immediately closed by itself. Violet's terrifying screams were heard in the neighbourhood, but she was never seen again.
