**Previous Experiences published publicly from prior language assistants**

As an Auxiliar de Conversación from the United States, I worked with students ages 3-12 years old in sciences and physical education classes, assisting with lessons in English. My primary duties included presentations on culture in the United States, presentations and activities for material review, assistance with English spelling and pronunciation, and teaching vocabulary through videos and songs for the early education students. The staff at the school are very kind, helpful, and communicative. I have really enjoyed my time at the school!

I also really enjoyed living in Jerez! There are a lot of things to do in the city center and many beautiful places to visit nearby by train, bus, or car. I lived near the Estadio Chapin and the university campus. I took the bus line 6 to and from school every day. The bus ride was about 15 minutes. The school is located about a 30-minute bus ride from the historic center of Jerez. You can purchase a bus pass at the office called Transporte Municipal Autobuses Urbanos Jerez. For bus routes and schedules, I recommend the app Moovit and using the schedules at the bus stops.
