Comenzamos **sin realizar concordancia de género** a la hora de construir la frase. **Sí la haremos al leerla**: por ejemplo, colocaremos el símbolo el/ella y leeremos: "El gato come pescado". El símbolo de el/la es el mismo, así como un/una. Por el momento NO TRABAJAMOS PLURALES. Más adelante podemos introducirla con las opciones que incluyen lenguaje escrito.

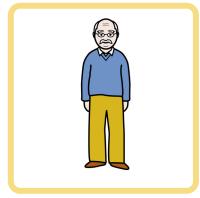

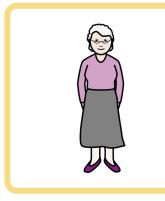

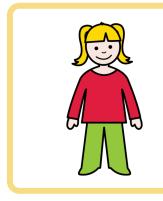

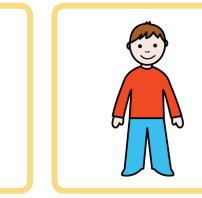

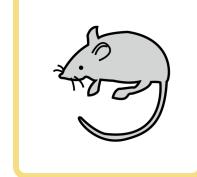

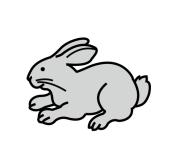

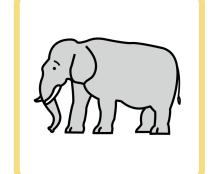

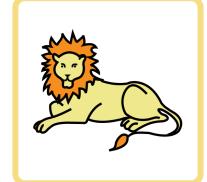

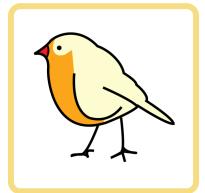

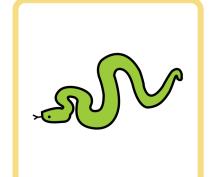

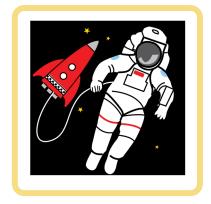

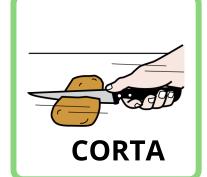

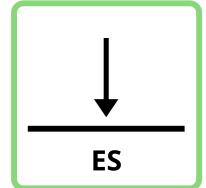

Se añade texto para aclarar la representación de los verbos.
