### ERASMUS JOBEU 2018 / 2020

We spent this week with some students from other countries in an Erasmus project. They came from Bulgaria, Germany and Portugal. This Erasmus project is related to jobs. It was a great experience. We have learnt a lot of English, speaking and vocabulary. We have learnt words in other languages too!!!

Now I'm going to describe what we did during this week and what it was like:

#### SUNDAY

The German team was the first that arrived. They arrived in Castro del Río at lunch time. We met them at 5 o'clock in the hotel. We went for a walk around the town to go to a café called Arezzo. There we talked for 2 hours. At 7 o'clock we came back to the hostel to have dinner. When we arrived there were the Bulgarian and Portuguese students. We greeted and talked together during dinner.

#### MONDAY

Monday was the day to be at school and do the presentations. Before they arrived at school we prepared everything for them, like identify cards. First of all, we took a photo at the door with all Erasmus students. When we got into the library, the principal talked to say welcome. Then we started with the presentations. The visiting students spoke about their schools and typical jobs in their countries. The Spanish people made their presentation about the olive oil production. When we finished, they went to eat at a restaurant.

In the afternoon, we met at the town hall. There, the mayor and the town councilors spoke to the Erasmus visitors to say welcome. Then we visited the old neighborhood called La Villa. They saw an old church transformed into a museum and the castle. Then, we met for dinner in a restaurant called Nakara.
