08/07/21

WE SET OFF FOR OUR TRIP

First, we met at Bahia Sur early in the morning, at 5 am. We took our luggage and then, we went to the Bahía Sur station to catch our train and we traveled to Seville airport. We bought our return tickets for 100€ on a website called British Airways. At first, we couldn't find the gate of our flight, but with some help, we were able to find it just before it took off. The flight attendants were very nice to us and the two-hour journey didn't feel long. We arrived at London Heathrow airport about 10 in the morning.

2.

THE FIRST DAY

When we arrived, we entered the Heathrow Terminal station and we went to Leicester Square Station, in the Northern line, where our hotel was located, or that was what we thought. We stayed at Haymarket hotel, a beautiful hotel which was 300 meters apart from that station, so we had to walk a bit carrying our luggage. We didn't stay much time at our room, we just left our bags there and then we immediately got out of the hotel to visit some places.

SOUTHWARK

We went to Leicester Square and we caught a train to Waterloo station and interchanged stations to catch a train of the Jubilee line and we went to Southwark station.

Borough Market

Next, we visited Borough Market and we bought lots of food to make dinner for ourselves that night

Southwark Cathedral

After that, we decided to visit Southwark cathedral, which was located near the market, because it had a stunning gothic architecture that we were amazed by.

We went back to the hotel and Lenny prepared a salad with the vegetables that we had bought that day.

3.

THE SECOND DAY

09/07/21

HOTEL

We woke up at 8 a.m. and we decided to stay all morning at the hotel. Firstly, we had breakfast at the bar, after that, we went to the spa to get a massage because we had a free visit that came with the reservation. Next, we spent some time at the swimming pool playing card games and water polo. It was 2 p.m. when we realised that we had a reservation at a restaurant that was a bit far away from the hotel and we had to prepare ourselves on a rush.

GREEN PARK AND WESTMINISTER

We were planning to go the restaurant on foot, but because we were late, we had to spend some extra money and we took the train and interchanged stations to go to Green Park station, in Piccadilly line.

Restaurant and Park

We ate at Novikov restaurant, the food was good but we thought that it was more expensive than it deserved to be. We left the restaurant and we visited Green park, which was full of leafy trees.

Big Ben

We were walking calmly through the park when we looked up to watch some birds that were passing by, suddenly we realised that the Big Ben, one of the most famous buildings in London, was extremely close to us, so we decided to visit it and we took some photos there. Then, we went back to the hotel.

4. 10/07/21

THE THIRD DAY

We had to leave London that evening, so we woke up early and, despite it being the day that less time we spent at London, it is the day when most places we visited. We had breakfast and we went to Holborn Station and interchanged stations at King's Cross St. Pancras to catch the Metropolitan line and go to Baker Street station.

We planned a tour around London with places related to crime, the places we liked the most were:

Baker Street

We visited the street where Sir Arthur Conan Doyle's character, Sherlock Holmes, lives in his novels, where now is located a museum dedicated to him.

Whitechapel

We took the Hammersmith & City line to go to Whitechapel, the district where Jack the Ripper's murders took place in 1888. Now, any trace of its dark history has been left behind and it is a beautiful district as any other in London.

THAMES

We took the last train of our journey to Putney Bridge so that we could take a boat through Thames River. We got off in Lambeth to visit the London Eye and we rode it. When we finished, it was late, so we returned to the hotel, packed our bags, went to Heathrow terminal and we waited for our plane to bring us home.

We will never forget this trip!
