| <b>Collaboration subjects/modules of the Language Assistant</b> | Maths, Technology, Physics and Chemistry, Biology, Geography and History, PE, Art, Music.  |
| <b>Information about the town and/or neighborhood</b>           | <p>The highschool is situated in San Fernando, a city in Cádiz province, in the autonomous community of <u>Andalusia</u>, southwestern Spain. It is situated on a rocky island surrounded by salt marshes that line the southern shore of the Bay of Cádiz. Founded in 1776, San Fernando is a Spanish naval headquarters; There is an observatory dating from the 18th century (the oldest in Spain). Landmarks in the city include the 18th-century town hall, the Panteón de Marinos (1850), and a Roman bridge rebuilt in the 15th century. Many of its salt-production facilities have fallen into disuse.</p> <p>The School is placed in a modern neighborhood, in the South of the city; It is quiet and familiar with lots of handy shops that make life comfortable and easy.</p> |

|  |  |
| <b>Getting to school</b>                             | Cádiz is just 10 km from San Fernando and buses run every day every 15 minutes. There is a bus stop just at the front door of the school.  |
| <b>Accommodation</b>                                 | Flats can be rented in San Fernando or in Cádiz for about 500 euros a month. But perhaps it will be a good idea to share a flat with some of the other language assistants.  |
| <b>Previous Experiences with Language Assistants</b> | <p>Our school has had bilingual teaching for 8 years now. We have 1,008 students including ESO, Bachillerato and Vocational Training Education, but Language assistants will only work with Secondary Teaching, that is, students from 12 to 16 years old. The idea is speaking, speaking and speaking to students, so that they can improve pronunciation and conversation as much as possible and at the same time to learn about British and American culture too.</p> <p>We usually have two language assistants from October to May</p> |
