Monday,13th of May,2019

On our first full day with our guests we felt the need to show our school our town and the most important thing, to show and tell them things about our country, Romania.

We went at school at 9 o'clock and went to the festivities hall where we spent half of our day. We presented our town,our school and our country.The deputy mayor of Fetești welcomed our visitors and he made sure that they knew how grateful we were for their visit.

The day continued with a tour of our school where the teachers and the students saw how and where we learn. After the tour we went to the School canteen to have a Romanian lunch with both students and teachers.

Following lunch, we started our trip to Slobozia, the Ialomita county capital where we visited the School Inspectorate, the National Museum of Agriculture, The County Council and we had dinner.

This day was only the start of an amazing journey that lasted a week.

TUESDAY ,14TH MAY, 2019

We went on an educational trip to Bucharest. Bucharest is the capital and largest city of Romania, as well as its cultural, industrial, and financial centre. It is located in the southeast of the country, on the banks of the Dâmbovița River, less than 60 km north of the Danube River and the Bulgarian border. It became the capital of Romania in 1862 and is the centre of Romanian media, culture, and art.

We visited the Palace of Parliament, the second largest building in the world. It was bad weather so we didn't visit the Village Museum, an outdoor museum.

WEDNESDAY, 15TH MAY ,2019

It was the theatre day. each country created their own theatrical piece and presented it in front of the mobility groups. Spain interpreted the famous “Romeo and Juliet”, written by Shakespeare, Turkey created a scene about four Disney princesses who discovered they were married to the same prince while chatting at a café (named “Charming Affair, Four girls at a café”). Italy discussed about the Italian mythology and Italian personalities, and Bulgaria had a short play called “Clever Peter and the Innkeeper”.

Romania had a short play with characters from the Erasmus+ project, each character having a different nationality. In the ending act, there was a special show, where our guests were entertained with a contemporary dance and a beautiful singer.

The day started early in the morning. A long road was waiting for us, but it was worthy. We went on a cruise on the Danube for about 6 hours. **The Danube Delta** is the largest river delta in the European Union. The greater part of the Danube Delta lies in Romania (Tulcea county), while its northern part, on the left bank of the Chilia arm, is situated in Ukraine (Odessa Oblast). The approximate surface is 4,152 km² (1,603 sq mi), of which 3,446 km² (1,331 sq mi) are in Romania.

FRIDAY, 17TH MAY, 2019

On the last day of the mobility, we went to school at 9 o'clock and talked about the experience and what we all learnt from it. We worked in different groups. Our teachers gave the certificates to the other students and also they gave us medals for all our hard work and dedication in making this project an unforgettable one.

We had a good bye party. Everyone dressed very elegantly and we all danced and sang, we had fun and made a lot of amazing memories.

SATURDAY, 19TH MAY 2019

After a hard working week we received a positive feedback from our guests. We provided transportation to the airports for Spanish, Italian and Turkish teams. Bulgarian team returned their country by their own minibus.
