

1 Is the sun a planet or a star?

---

---

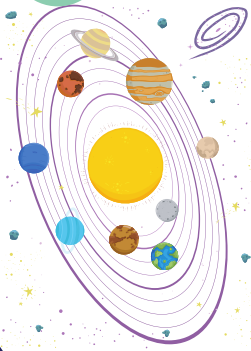

2 How many planets are there in the solar system?

---

---

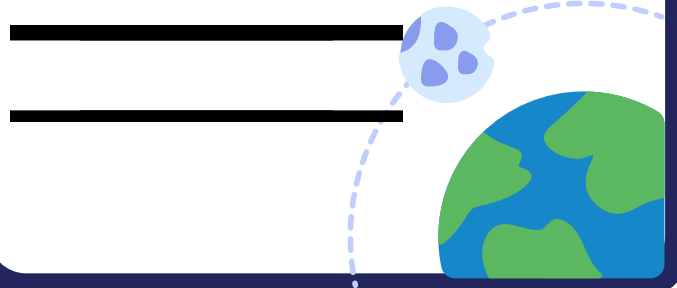

3 What orbits the sun?

---

---

4 What orbits the Earth?

---

---

5 How long does the earth take to orbit the sun?

---

---

6 What's the moon?

---

---

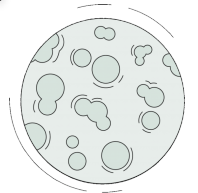

7 Does the moon orbit the Earth?

---

---

8 Can the moon produce its own light?

---

---

9 Can the sun produce its own light?

---

---

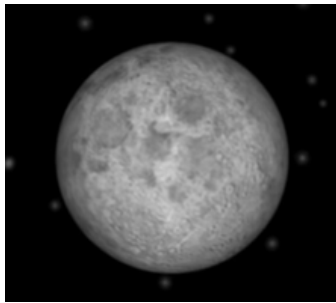

10 How many phases of the moon are there?

---

---

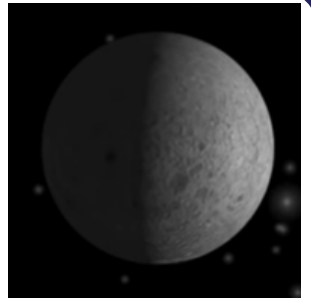

11 What phase of the moon is this?

---

---

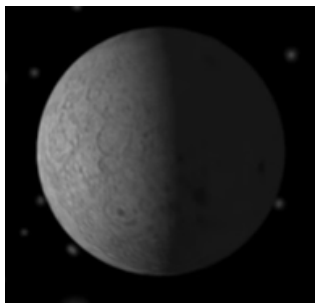

12 What phase of the moon is this?

---

---

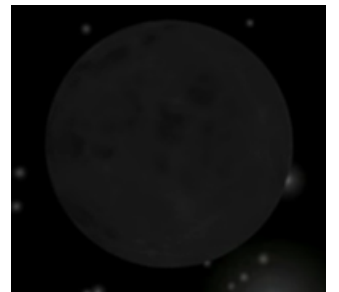

13 What phase of the moon is this?

---

---

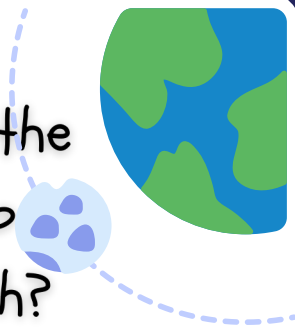

14 What phase of the moon is this?

---

---

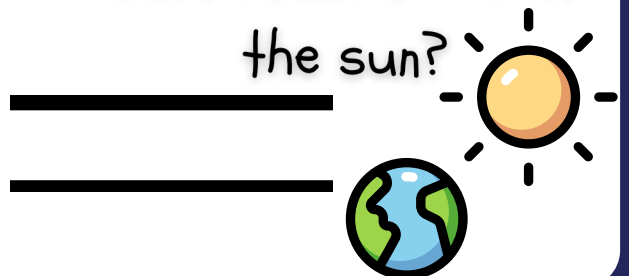

15 How long does the moon take to orbit the Earth?

---

---

16 How long does the Earth take to orbit the sun?

---

---

17

If it's day here, what's in America?

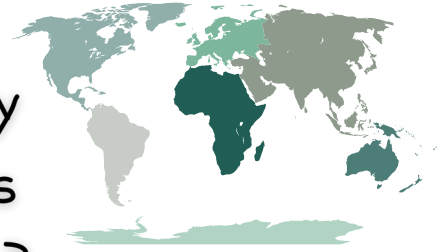

---

---

18

How many continents are there?

---

---

19

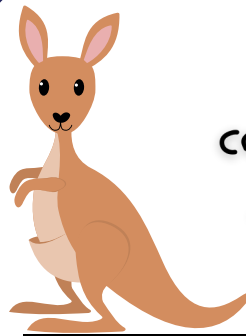

Which continent is Spain in?

---

---

20 In which continent can you find kangaroos?

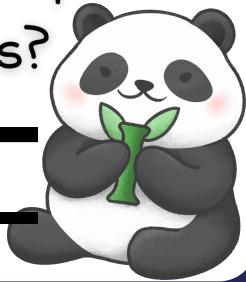

---

---

21

In which continent can you find panda bears?

---

---

22

In which continent can you find giraffes?

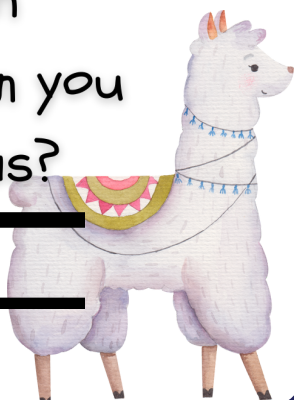

---

---

23

In which continent can you find llamas?

---

---

24

In which continent can you find Iberian lynxes?

---

---
